- Uniforms. Met with Stanbury rep at convention and discussed options for next marching band season. Looking at a modern uniform that comes in multiple parts which allows us to purchase over a few years which will help reduce cost. Examples -vest with underlay, would help us design the dream using a more cost effective option. Recommend buying pants now then buy underlay which is more form fitting and wear as a uniform for a season. Then buy vests and shakos in the future. Will be able to keep current branding.
